- Donating your vehicle may be better than selling or trading. You may be eligible to receive the highest IRS tax donation value (fair market value).
- When purchasing your next vehicle, you may receive a significant price discount by not trading your old car.
- Any vehicle donation, no matter the condition, qualifies for a minimum \$500 tax credit value.
- Donated cars that are suitable for use by JumpStart families are fully inspected and repaired to meet safety and mechanical standards.
- Cars that can't be used by JumpStart families are sold for the highest possible value. All donation income supports the JumpStart program and helps local families purchase reliable, fuel-efficient vehicles for work and family needs.
